

Purge-Lock Open Cell Trays

Purge-Lock trays are engineered to contain and secure excess moisture, preserving the appeal of meat products while preventing leakage. Ideal for a range of fresh meats, poultry, and seafood. Made from 100% recyclable PET for eco-friendly food packaging.

TECHNICAL DATA

Applications

- Purge-Lock Open Cell trays excel in applications for fresh protein, such as beef, poultry, lamb, veal, and seafood.

Characterises

- Crystal clear presentation enhances shelf appeal
- Suitable for machine and hand wrapping
- Raised patterned base for added rigidity
- It will not bowtie due to weak side walls
- Available in various sizes with a clear or certified NIR black finish

Sustainability

- Kerbside recyclable

Compliance

Complies with the strictest food safety regulations, meeting:

- AS 2070-1999
- EU No 10/2011
- EC No 1935/2004
- FDA 21 CFR 177.1630
- Kerbside recyclable

FEATURES & BENEFITS

Processors

- Customise your offerings and choose from a range of sizes and tray configurations
- Specifically designed for use in overwrappers
- Eliminates the need for expensive and unsightly absorbent pads
- Switch from polystyrene foam or polypropylene PP to our 100% recyclable PET packaging trays

Product Integrity

- Refine your packaging with Multisteps trays paired with your preferred top film for the ultimate combination, ensuring leak-resistant protection and a professional retail-friendly presentation for your products

End User Experience

- Crystal clear presentation for shelf appeal
- Improved overall presentation
- Prevent food waste while reducing your environmental footprint by using recycled packaging
- 100% recyclable
